

British Association for South Asian Studies

Annual Conference & AGM 2006

19-21 April 2006 at Birkbeck College, London, UK

Call for Panels, Papers and Posters

PANELS: If you wish to organise a **panel** consisting of three papers per 90 minute session, please submit your panel abstract not to exceed 300 words by **23 November 2005**. You will be informed by **1 December 2005** whether the submission has been successful, and titles and abstracts of the panels will then be advertised on the BASAS website. Panel convenors will then be responsible for recruiting and selecting the papers presented in each panel. If there are a large number of applications for your panel, contact the conference organiser about the possibility of sets of themed panels to a maximum of **three**. The final line-up of papers should be confirmed by **1 February 2006**, and abstracts sent to the conference organiser.

PAPERS: If, after **1 December 2005**, you do not see a panel on the website that is suitable for your paper, you can submit an abstract not to exceed 300 words of an independent **paper** (presentation to last 30 minutes, including questions) by **15 December**. You will be informed by **2 January 2006** whether it has been accepted for inclusion within a non-themed session.

POSTER: If you wish to submit a **poster**, please send brief details not to exceed 300 words of its content and expected size by the **15 January 2006**. You will be informed whether it has been accepted by **1 February 2006**.

BASAS Prize 2005: Each year, the British Association of South Asian Studies awards a prize for the **most outstanding paper** given by a **student** at its **annual conference**. The paper may be on any subject relevant to the conference. See the BASAS website for full details.

Direct abstracts, proposals
and further enquiries to
conference organiser **Dr
Martin Menski** at
martin@menski.net or visit
www.basas.ac.uk

23 Nov 05	• Submission of panel abstracts
